Goal: Community

A neighborhood school that writes in rounded letters and paints in playground primaries.

PHILOSOPHY

Recess-loud color, parent-board-careful words. The flower mark is the institutional seal. **RCC4Kids** is the public name. Hold professional Rosslyn childcare and crayon-box joy at once — never collapse into corporate daycare or cartoon preschool.

Survey voice: professional · friendly · inspirational. Primary goal: community.

01

Partners, not customers

Speak to Rosslyn parents as partners in a neighborhood school, not clients of a chain.

03

Community is a practice

Tours, conferences, park walks, a parent board. Never a vague claim about “family.”

02

Facts before adjectives

Name ratios, licensed hours, waitlists, and Freedom Park before calling anything joyful.

04

Inspire through the work

Children’s actual play and documentation — never magic language or kindergarten-prep hype.

Write the left column. The right column is how daycare ads sound.

DO

“Community is at the core of every intention, decision, and choice at RCC.”

Dawn Snyder, Executive Director — observed.

DON'T

“Where little ones blossom and magic happens every day.”

Banned register: kiddos, little ones, magic.

DO

“Seven classrooms. Ratios from 1:4 to 1:10. Licensed for 80 children, 7:30am to 6:00pm.”

DON'T

“A premier luxury daycare experience for busy professionals.”

DO

“Lesson plans follow what is relevant to the children — a new puppy, a sibling, a move.”

DON'T

“Our innovative curriculum prepares your child for kindergarten success.”

The work is the picture. Until owned classroom files are in the repo, label the field — never invent children.

Pills for actions. Soft cards for rooms. One lead color. Blue does the converting.

BUTTONS · DERIVED

Primary is #0110E4 with white — the only survey color that holds contrast. Secondary is #0AF50E with ink. Ghost is a warm hairline. Radius 999. Nunito Sans 700.

CLASSROOM CARD

Blue Jays

Infant · 1:4 · \$2,740/mo

24px radius, white on paper, one flock-color edge. Tuition is a fact, not a hide.

BADGE + INPUT

Parent name

PROOF, NOT DECORATION

Northern Virginia Magazine Best Daycares, 2023 and 2026. Use the owned badge. Do not invent stars or awards.

SOCIAL APPLICATION

One finished post. Community as the headline, facts as the caption, one lead color.

Instagram 4:5. Playground green is the field. Ink type. The 4 reverses to a white block so the wordmark still reads. No stock children in the square.

Falsifiable bans. If a file breaks one of these, it is not RCC4Kids.

01

Never spell the public brand RCC4kids, RCC 4 Kids, RCCforkids, or rcc4kids in display type — it is **RCC4Kids**.

03

Never put white type on playground green or yellow. Both carry ink #1A1714.

05

Never generate or retouch photorealistic children's faces.

02

Never set body copy or captions in #0AF50E, #E5E907, or #EF0B0B. Those colors are blocks and marks, not text.

04

Never use Unsplash, Adobe Stock, or generic daycare photography. The live site's current slides are the example of what not to do.

06

Never write kiddos, little ones, where magic happens, or premier daycare.

The rest of the immune system.

07

Never recolor, outline, or rainbow-gradient anything except the owned flower mark.

09

Never use cool gray or blue-gray paper. Neutrals stay warm #FAF8F4.

11

Never set Nunito as UI chrome. Display and headings are Nunito; body is Nunito Sans.

08

Never give all four playground colors equal weight on one surface — pick one lead color.

10

Never claim Reggio Emilia, or invent waitlist times, tuition, or testimonials.

12

Never use sharp 0-radius corners on cards or buttons. Soft vibe is structural, not decorative.

CLOSE

Community is at the core of every intention, decision, and choice.
